

## Accepted Insurance Plans

Cass Regional Medical Center participates in many different health insurance plans. Together with HCA Midwest Health, Cass Regional has made it a priority to develop agreements with many of the major health care insurance providers in the Kansas City metropolitan area. Cass Regional Medical Center is currently a participating hospital provider in the following managed care plans. Please note that Cass Regional continually adds managed care affiliations, so the plan to which you belong may have been added after this list was compiled in January 2016.
